MARINE & RV

NAME	SIZE	PART #	COLOR	DESCRIPTION
Pre-Wash Concentrated (1:10) Marine & RV Pre-Wash	4/1 Gal.: 5 Gal.: 55 Gal.:	810583 810582 810581		An exterior cleaner with a lime fragrance formulated to remove black streaks, insects, scum lines, road grime and light oxidation from the exterior surfaces of watercraft and RV's. Great for use on awnings, boat seats, boat carpets and similar exterior surfaces.
Wash Concentrated (5oz/5 gal) Marine & RV Wash	4/1 Gal.: 5 Gal.: 55 Gal.:	810585 810586 810587		A high foaming soap with a berry fragrance formulated to remove light deposits from the exterior surfaces of watercraft and RV's. The lasting foam holds deposits in suspension for a scratch-free rinse.
Wax As-U-Dry™ Ready-To-Use Marine & RV Wax	4/1 Gal.: 5 Gal.:	810603 810605		An easy-to-use, liquid carnauba-based wax with a bubblegum fragrance. Formulated to be used on wet or dry surfaces. Its unique hygroscopic properties allow the wax to mix with water for fast, one-step wax as you dry without the risk of "whiteout". Helps condition fiberglass by restoring oils for a rich and durable shine. Added anti-corrosion agents help protect metals from corrosion.
Element Shield™ Concentrated (1:10) Marine & RV Protectant	4/1 Gal.: 5 Gal.:	810589 810590		A spray-on, rinse-off protectant with a peach fragrance for exterior surfaces of watercraft and RV's. QUAT silicone technology bonds instantly to surfaces creating a protective barrier against the adhesion of bugs, bird dropping and grime. Use only on full body painted surfaces. Helps keep your watercraft or RV cleaner – longer.

VOC COMPLIANCE WITH CAR BRITE

As of July 1, 2011, several states have adopted VOC regulations. These states are indicated in red on the map. Each of these states enact legislation independently of each other and requirements may vary from state to state.

What are VOCs and why are they important?

Volatile Organic Compounds (VOCs) are found in everything from paints and coatings to underarm deodorant and cleaning fluids. When emitted into the atmosphere, VOCs are a major concern of the Environmental Protection Agency (EPA) and state air quality boards all over the United States. VOCs have been found to be a major contributing factor to ozone depletion, a common air pollutant that has proven to be a public health hazard.

What products are impacted?

The majority of car care product categories affected are:

- Adhesive Remover
- Air Fresheners
- Automotive Rubbing or Polishing Compound
- Automotive Wax, Polish, Sealant or Glaze
- Automotive Windshield Washer Fluid
- Bug and Tar Remover
- Car Wash
- Carpet/Upholstery Cleaner
- Engine Degreaser
- Fabric Protectant
- General Purpose Cleaner
- General Purpose Degreaser
- Glass Cleaner
- Graffiti Remover
- Hand Cleaner
- Leather Care
- Metal Polish/Cleaner
- Multi-Purpose Solvents
- Odor Remover/Eliminators
- Paint Thinner
- Rubber/Vinyl Protectant
